

House tour: a beachfront Bondi apartment oozing relaxed sophistication

1/10 SHARE

Part of Bondi Beach's iconic Pacific development, this chic apartment has interiors as stunning as the views.

Jonathan Richards, Director of **SJB Interiors**, in collaboration with **Hub Furniture** Owner and Director Jaci Foti-Lowe has created an apartment, within the iconic **Pacific Bondi Beach** development, that encapsulates Bondi chic. The two-storey, 457 square metre apartment, 'Lighthouse 511', boasts incredible views over Bondi Beach and an interior featuring textiles and finishes with a luxurious yet relaxed feel, perfect for a barefoot Bondi lifestyle.

"It is a residence that delivers relaxed sophistication in sculptural white spaces bathed in daylight," says Richards. "Together we have designed the spaces to exude a cool elegance with natural light tones, playful styling and a refined selection of furniture from Hub," he says.

Foti-Lowe enhanced the space using designer furnishings from a range lighting, flooring and accessories brands that Hub stocks exclusively in Australia.

Key pieces include Moroso 'Shanghai tip' sofas, Lowe Furniture custom designed table, Ivano Redaelli Mylo Beds, Gandia Blasco outdoor furniture and a limited edition John Pawson Bench from When Objects Work.

The penthouse apartment is a jewel in the crown of Bondi's chicest new development, **Pacific Bondi Beach**. Located on Bondi's beachfront, Campbell Parade, in addition to residential apartments such as this one, the development includes boutique hotel, QT Bondi, Sydney food retailers such as Scoop Wholefoods, Anita Gelato and Parisi. Retail offerings include Australia's first boutique from menswear label Saturdays NYC with more exciting stores and restaurants soon to open.
